

A non-profit foundation building resources for the students and community of Southeast Technical

Program Partner Name: Minnesota State College—Southeast Technical Foundation

Classification: Education

Federal I.D. #: 41-1540247

Contact Person: Jeff Meyer, Executive Director (507) 453-2409, jmeyer@southeastmn.edu

The Minnesota State College—Southeast Technical Foundation is a non-profit foundation building resources for the students and community of Southeast Technical College.

There is no gift more far reaching than the gift of education. It not only benefits individual students and their families. It touches everyone who relies on the skills and gifts those students bring to the world. Southeast Tech educates nurses, carpenters, mechanics, accountants, manufacturing technicians, secretaries, computer technicians, and people in dozens of other occupations that we all depend on. Southeast Tech educates people who will become inventors, entrepreneurs, healers, and leaders.

Each student will take his or her skills and gifts into the workplace and community, ultimately benefiting us all.

The benefits of education are beyond measure, but the costs of education are also high – and often beyond the reach of deserving students. The Foundation awards over \$100,000 annually in scholarships to qualified and deserving students. However, the need for support is much greater.

You can make a gift that changes the life of a student and ultimately makes our community and our world a better place. Ways to make a gift to the Foundation include:

- **Planned Gifts:** Planned gifts can be made through a will, life insurance, retirement plans, or charitable trusts and annuities
- **Endowed Scholarship Fund:** A \$10,000 gift will establish a named endowed scholarship fund. This fund will be invested and the earnings will be allocated for annual scholarships. An endowed scholarship fund is a great option for creating a lasting legacy, honoring the memory of a loved one and benefiting generations of students.
- **Named Scholarship:** A \$1,000 donation will establish a one-time named scholarship
- **Current Gifts:** cash, pledge paid over a period of time, credit card, appreciated securities, and in-kind gifts designated for a particular program

Your contribution to Southeast Tech's Scholarship Program is a gift that will last a lifetime, changing the lives of deserving students and the families they support; benefiting the employers they work for; and contributing to the vitality of our entire community.
