Part of your business, Part of your life. It may be a little uncommon to suggest a CPA firm could be that involved in their clients' world. But the thinking at Wolter & Raak is anything but common.

We are a firm that understands the decisions made by business owners on the job today, can directly affect those at home tomorrow. We tailor our services to fit the individual needs of our clients, whether they are traditional reporting or financial and tax planning activities. We are CPA's, consultants and planners who help to build success for our client's financial needs on a yearly, monthly, or even a weekly basis.

How your life relates to your business, and how your business relates to your life. It is not easy finding a balance in both. But the firm who understands it, and can help you achieve it, is a firm to remember.
