**Overview:** Founded in the 1880's, Family & Children's Center is a regional, private human services agency that helps children and adults overcome social, emotional or mental challenges to enjoy a greater sense of well-being in their families, homes and community. With a variety of prevention, treatment, residential and outreach programs designed to meet the challenges of modern life, we are the area's key resource for building stronger, healthier homes and families.

## Winona Programs and Services:

- ◇ Alternative education for children and youth failing in traditional school settings
- ◇ Counseling Services
- ◇ Day Treatment, a half day mental health service for behaviorally and emotionally disturbed kids
- ◇ Hiawatha Hall, short-term residential treatment center for adults with chronic and persistent mental illness

Family & Children's Center services are funded by a combination of fees, grants and gifts. These gifts are vital to continuing the work of the center in strengthening children and families in our communities. Every dollar goes toward improving someone's life, whether it helps an abused child learn to trust again or a troubled teen to communicate with her parents in more positive ways.
