Winona Health is a community-owned, nonprofit healthcare system devoted to improving the health and well-being of its family, friends and neighbors. It delivers high quality healthcare through a broad spectrum of services that impact individuals throughout their lifetimes:

- Hospital Care
- Emergency Department
- Primary Care Clinics
- Specialty Care Clinics
- Skilled Nursing Home
- Assisted Living
- Home Care Services
- Hospice Services
- Memory Care Homes
- Retail Pharmacies

As a nonprofit, healthcare system, Winona Health physicians, staff and volunteers care for all who come through its doors with no regard to insurance or financial status. As such, the Winona Health Foundation's purpose is to gather, steward and distribute resources needed to support and advance the Winona Health's mission of caring.

Individuals who choose to make a gift or bequest to the Winona Health Foundation may also choose to direct their gifts to support an area that has had an impact on their lives or the lives of loved ones. It may be the Family Birth Center, where they expanded their family or Winona Health Hospice Services where they shared last days with a loved one. It may be Imaging Services where advanced technology diagnosed a fracture or Physical Therapy that got them back on their feet. It may be the Ben & Adith Miller Patient Care Fund where a neighbor who lost insurance was assured their bill to Winona Health would be paid or it may simply be directed to the where the need is greatest. Wherever donors direct a gift, the Winona Health Foundation assures it will be put to good use.
